Experience

Doctoral Researcher, University of Tübingen and IMPRS-IS — Sep 2023–Present

Supervised by Prof. Claire Vernade. Research focus: inverse reinforcement learning, inverse bandits, imitation learning, and transferability.

Research Assistant, University of Tübingen — Aug 2022–Aug 2023

Supervised by Prof. Setareh Maghsudi, in the *Decision-Making* group. I was part of the *Multi-Agent Multi-Armed Bandits: Theory and Application to Intelligent Spectrum Sharing (MABISS)* project.

Software Analyst, Project Consulting s.r.l. — Apr 2021–Jun 2022

Progressed from intern to Software Analyst and contributed to research software projects, including the Platform for Integrated Multimedia in Applied Neuroscience (PAMINA). The platform was developed in collaboration with CREF and Fondazione Santa Lucia IRCCS.

Erasmus Office Assistant, Sapienza University of Rome — Feb 2020–Sep 2020

Supported the administrative activities of the Faculty of Science Erasmus Office.

Education

2023 - present	PhD (Computer Science) at **University of Tübingen and IMPRS-IS**
2019 - 2022	M.Sc. in Mathematics, **Sapienza University of Rome** (Grade: 110/110 cum laude)
2019-2020	Erasmus student at **Universidad Autónoma de Madrid**
2016 - 2019	B.Sc. in Mathematics, **Sapienza University of Rome**

Publications

2026 **Michela Petriconi**, Nicolas Menet, Claire Vernade. *Learning from a Bandit Learner*. WiML Workshop at NeurIPS 2026; Preprint.

2024 **Michela Petriconi** and Claire Vernade. *Open Problem: Reward Estimation in Inverse Bandit Problems*. ARLET Workshop at ICML 2024.

Invited Talks

2026 *Learning from a Bandit Learner*. MiC Seminar, University of Padova, Italy.

Awards

2026 *Best Use of AI Award*, Cyber Valley AI Incubator for emerging startups (team recipient).

Academic Service and Mentoring

Organization and Outreach

2025 Organizer, European Workshop on Reinforcement Learning (EWRL).

2025 Organizer, Soapbox Science Tübingen.

2024–2026 Co-founder and organizer, TWiML-Tübingen Women in Machine Learning.

Supervision

2026 Sina Schmitt, M.Sc. thesis in Computer Science, University of Tübingen. Co-supervised with Ziyad Sheebaelhamd and Claire Vernade.

2023 Vanessa Zhang, B.Sc. thesis in Computer Science, University of Tübingen. Co-supervised with Setareh Maghsudi.

Peer Reviewing

2026 Conference on Learning Theory (COLT).

Languages

Italian	Native speaker
English	C1 level
Spanish	C1 level
German	B1 level

Technical skills

Research areas	Reinforcement Learning, Inverse Reinforcement Learning, Imitation Learning, Multi-Armed Bandits, familiarity with Vision-Language-Action Models (VLAs)
Programming	Python, C, C++, MATLAB
Libraries and tools	PyTorch, NumPy, SciPy, Git, LaTeX
